

Intelligent Children Are Victims of Hay Fever

ST. LOUIS (U.P.)—Children with hay fever and other allergies are more intelligent than children not so afflicted, according to Dr. J. Harvey Black, professor of preventive medicine at Baylor University, Dallas, Tex.

CAN YOU IMAGINE!

CAN YOU IMAGINE the popularity of a Boston newspaper man who suffering from a serious stomach ailment tried BISMAREX with such good results that he told his fellow workers about it and now has to hide his own supply!

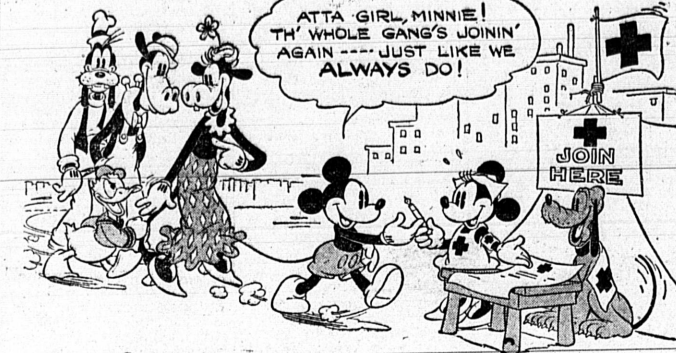

EXPLANATION

Thousands of sufferers like the one described above say there's nothing you can take that brings faster, more complete relief from acid-indigestion than Bismarex. This pleasant-tasting antacid powder starts to work almost instantly. In three minutes you notice a wonderful improvement. Acids neutralized; gas removed. Many forms of indigestion relief stop there; but Bismarex keeps right on working. Holds acidity and gas in check for a prolonged period. Helps repair the harm done by excess acid in the stomach. Enjoy for yourself the fast, prolonged relief that has made Bismarex famous. Only 50c a tin.

Mayor William H. Tolson this week issued the following proclamation: "Once again the time has come for our community to demonstrate its concern for maintaining a very necessary part of our civic welfare program—the work maintained by the Torrance branch of the American Red Cross. It is not necessary for me to remind citizens that the work of the Red Cross is a vital contribution to our community welfare.

The Red Cross asks little, yet contributes much to the general welfare of our people. "We have all seen, during the past year, how effective Red Cross work is, both from the standpoint of the year-around program, and that done during the times of great national emergency. Perhaps never before has the work of this great national agency been so universally endorsed as in this year during the gigantic relief operation in the Ohio and Mississippi river valleys. It was a great work, done in an efficient manner, and truly deserves our most sincere commendation.

"The annual Roll Call of the Red Cross, through which such fine work is supported, is from Nov. 11 to Thanksgiving Day. Memberships enrolled during that time will support the work for the year ahead of us.

"As mayor of Torrance, it gives me pleasure to set aside the designated period for the Red Cross Roll Call and to ask all to renew their memberships or to join for the first time." (Signed) WILLIAM H. TOLSON, Mayor, City of Torrance.

Armistice Day is a most appropriate day to read and reread such lines as those, rather than lines about the glories of war.

QUESTIONS

Every year on Armistice Day ceremonies are conducted at the tomb of our Unknown Soldier. Where is the tomb? Somebody asked us, today, what Lomita means. Do you know?

Geysers occur only in three places. Can you name the places? Also, while you are about it, you might give us a definition of the word geysers.

TODAY'S PROVERB
"Credit is like a looking glass, broken once, is gone, alas!"

ANSWERS

The tomb of the American Unknown Soldier is situated in Arlington National Cemetery at Arlington, Va.

Lomita is a Spanish word meaning Little Hill, Small Slope, or Hillcock.

Geysers occur only in Iceland, in New Zealand, and in our very own Yellowstone National Park. Geysers are intermittently spouting hot springs, with temperature at boiling point. By the way, a geyser is pronounced GEE-zer, not GEE-zer or GAY-zer.

ADIOS

TORRANCE HIGH LIGHTS... by Carl Gilbert

Demerits Abolished...

In a recent conversation with Principal Thomas Elson, it was learned that the demerit system has been permanently abolished. Elson stated that this does not mean that the high school cannot go back to the old system of demerits if a suitable system cannot be arranged. Elson gave four steps in the new system's arrangement: No present use of demerits in any way; committee to study the purpose of citizenship rating; committee to determine new standards for citizenship and present recording on basis of offenses committed.

Elson said that the students who think that they have received demerits should not worry, because they are old blanks that have not been destroyed. He also said that this system will be used through this semester and then a vote will be taken to decide whether or not the demerit will be put into use once more.

Speedy Recovery...

Dan Jones, T. H. S. gardener, who was recently hurt while trimming trees, was seen strolling around the campus Monday morning. Dan brained a hip and broke two ribs, this accounted for his stiffness. He stated that he would return to work in a few weeks and will enjoy working again, although he has enjoyed his forced vacation.

P. T. A. Meets...

The high school Parent-Teachers' association met Monday in the music room. The program was based upon the theme "Peace and Understanding in the Home." Music, an aid to understanding in the home, was interpreted by the 87 music class under Mrs. Marjorie Eischen's supervision; social arts, their contribution, was depicted by the Social Arts class under Miss Helen Collier; and healthful living by Miss Duncan, physical training instructor.

Operation Soon...

Albert Winkler, Torrance's giant left tackle, who has had his nose broken twice in the last three weeks, will go under the knife for a delicate nose operation. Albert is planning to have the bone removed, in order to make sure that his nose will not be broken again. The students all wish "Winky" a speedy recovery.

Tri-School Dance...

Tonight, (Friday), a tri-school dance will be held at the Civic Auditorium at 8:30 p. m. Schools invited are Banning high, Narbonne high and Torrance. Those who attended the Pep Rally dance last Thursday night had a very enjoyable evening. The swing contest was won by Merle Richardson and Ethel Stumph for the second time in the past two weeks.

Afternoon Shows...

A special matinee was started at the Fox Redondo theatre last Tuesday for students and teachers. These pictures are educational and are to be shown for the purpose only. Last week the "Life of Louis Pasteur" and the latest March of Time was screened. The picture to be shown Nov. 17 at 4 p. m. is "The Tale of Two Cities."

Armistice Aud. Call...

The 10th anniversary of the signing of the Armistice. An interview was conducted by Midge Higgins with the veterans, Miss Chase, James H. Burchett, Mr. Horning, Mr. Stone and Mr. Grigsby. A short skit was given by Reggie Treloar, Mary Briganti, Helen Smith, Genevieve Leatherman and Bill Walker. There was also a panel discussion by the B10 class on "How to Prevent War." The students sang war-time songs, with Mrs. Marjorie Eischen at the piano.

A new organization was recently started by Principal Elson consisting of the school's Control, Council, Commissioners and Government boards. Elson introduced each of board members and said the purpose of meeting was to discuss progress of the student body organization's work.

Yuletide Display Will Be Biggest In City History

(Continued from Page 1-A)

Week to announce details of the decorative motif which will be used but unforeseen delays that may prove beneficial because of a wealth of newer display ideas were made available to the association caused him to postpone revealing the scheme of Christmas decorations until next week.

Tuesday night the city council at the request of the merchants' group and with the endorsement of the Chamber of Commerce, appropriated \$600 to assist with the decoration program, the annual Torrance Fire department's Christmas party for local youngsters and the Walteria Recreation Yuletide festivities.

Talented Youngsters On L. A. Program

Seven local little girls appeared on the program presented by the Zabelle Starlets at the first session of the Mothers' Peace conference in the Los Angeles Shrine Auditorium last Sunday. They were: Ann Galimore, Marjorie Rose, Harold Hogan, Juanita Riehe, Marilyn and Janis Haarer and Betty Morgan.

Listen Folks—

If we could see ourselves as others see us, would we try to change our looks or our methods?

When we have lived in our house for so long that we can't remember the color it was, but our neighbors can, just try a new coat of **SHERWIN-WILLIAMS PAINT**. Then the neighbors will stop and wonder if they are not lost or on the wrong street. And then they will say, "What a change. Doesn't it look swell?"

A Good Gas Heater is an asset for any home. I have them for all sized rooms and the price is far below the market. I bought early and will pass on to you the savings from 50c to \$5.00.

Oh, yes—Roasters, all sizes, from \$1.00 up.
